JAPAN

The type tested meets the requirements specified in article 20 para. 3 of the German Product Safety Act. The holder of the certificate is entitled to affix the GS mark shown overleaf to the products complying with the type tested. At that, the holder of the certificate shall observe the conditions specified overleaf.

The present certificate including the right to affix the GS mark is valid until: **2027-08-14**

Further provisions concerning the validity, the extension of the validity and other conditions are laid down in the Rules of Procedure for Testing and Certification.

 
Dr. Björn Otte
Head of Testing and Certification Body

GS mark

Standard design

Approved design for a
height of 20 mm or less:

-
1. The holder of the certificate shall comply with the conditions to be observed in the production of the product specified overleaf in order to ensure conformity with the tested type.
 2. The Testing and Certification Body shall, in regular intervals, carry out control measures for monitoring the production and the correct application of the GS mark.
 3. The person responsible for the production has been obliged to observe the conditions according to 1. and to accept the control measures.
 4. The Testing and Certification Body shall withdraw the allocation of the GS mark from the holder of the certificate if the requirements according to article 20 para. 3 of the German Product Safety Act are modified or the conditions according to 1. are not met.
 5. The GS mark shall only be applied and it shall only be used in advertising, if the conditions according to article 24 of the German Product Safety Act are met.
